Tin Bucket

Initially the first toys for the beach were made of **wood**, but soon **tin** became more common, especially for buckets as it gave more opportunity for **colourful patterns** and **pictures**. Today most seaside toys are made of **plastic**, which means they no longer become rusty. Today some lucky children have a sand pit in their garden but going to the beach is always special.

Wealthy families began to visit the seaside in the 18th century, but it wasn't until the 19th century that the **seaside holiday**, as we know it, developed. It was made possible by the **expansion of the railways** in the **1840s and 1850s**, which made long distance travel affordable for most people.

What do you do when you go to the beach?

Writing slate

In Victorian schools, very young children first learned to write their letters in sand trays using their **fingers** or a **stick**. When about seven, they progressed onto writing on **slates** which were made from **quarry slate** set in **wooden frames**. A **slate pencil** was used to form the letters which was often **sharpened** on the **school wall**.

Children had to bring a **damp cloth** to **clean** their slates but often they would use their own **spit** and the **cuff** of their **sleeves!** This is the origin of the phrase '**to wipe the slate clean,**' which we still use today to mean **to make a new start**.

Marbles

The first marbles were made of **clay**, **stone** or real **marble**. The Victorians loved to play marbles - their favourite ones were made of **real marble** and were thought to be the **best** for **shooting**, but they were very **expensive**.

Marbles made of **glass** were **cheaper** and for the people with very little money, ones made of **clay** like the ones in the box were played with.

In some games with marbles you **throw** your marble, but most games use **shooting**. To shoot **properly** you need to **put the knuckle of your forefinger** on the ground with the marble **balanced in the bent forefinger**. Then you need to put the **thumb behind the forefinger** and **release** with whatever force you like.

Have you played marbles before? Are you any good?!
